## EXPERIENCE:

### RADTEL PNG LTD.

*Junior Electronic Technician, 2016 - 2017*

Before returning to college, I was responsible for troubleshooting electronic items related to computer communications. I installed UHF radios in vehicles, offices, and workplaces, maintained base stations, and set up PBX phone systems. This role helped me enhance my technical troubleshooting skills and gain fair experience with various communication equipment.

### INET SOLUTIONS PNG

*Network Technician, 2015 - 2016,*

I was responsible for network cabling, crimping, and the installation and maintenance of network systems for various clients over the course of more than a year. My duties included welding and mounting poles for networking devices, as well as configuring and troubleshooting these devices to ensure optimal performance. This role allowed me to develop a strong technical skill set and gain hands-on experience in both the physical and technical aspects of network installation and maintenance.
